MILESTONE 1942

LOUISE LOYELL

The Senior Class

presents . . .

THE MILESTONE of 1942

DEDICATION

The MILESTONE of 1942 is dedicated to three men, representatives of the many alumni and masters who are preceding us in the defense of those ideals for which Governor Dummer has stood since before "Our Nation" was,—

to

Harold Marshall Curtiss, Jr.

John Chandler Hill

Frederic Anness Stott

5 33 N B 1708

Governor Dummer at War

War has brought about many changes in the life at Governor Dummer. However, since the school was awake to the situation long before Pearl Harbor, the changes have been so gradual that there has been no definite break with the old ways. In fact the basic program of hard work and thorough preparation remains unchanged. A series of current event talks by members of the faculty and sometimes by visiting speakers was instituted during the fall term, not to stimulate the boys' interest in the war but to satisfy and guide an interest that already existed.

Immediately after December 7 the language of the school changed abruptly. Instead of football and soccer terminologies, the boys quickly developed a vocabulary of military terms and out-of-the-way geographical names. P-40's, B-19's, 1A, and 4F were more discussed than athletics for the next few weeks. Shortly afterwards Mr. Clark Neily of the faculty left to join the Navy as an Ensign, and early in the spring term he was followed by Mr. Jules Luchini. Before June Mr. J. Chandler Hill and Mr. Cuyler J. Hawkes were also commissioned as Ensigns in the Navy, and Mr. Harold Curtiss and Mr. Frederic Stott were completing plans for joining the British Ambulance Corps and the U.S. Marines respectively.

Changes came more rapidly during the Winter Term; but they were accepted without comment, even when, as in the removal of the sugar bowls from the dining room tables at luncheon and dinner, some personal inconvenience was involved.

The possibility of enemy air-raids was promptly recognized. Under the guidance of Mr. Benjamin Stone indoor and outdoor stations were assigned each boy; suitable signals were arranged to send each boy to the appropriate place at the first warning; fire-prevention and first-aid patrols were organized; and many drills were held until the school was rendered as safe as foresight and drill could make it. Additional fire-control equipment has also been placed in each school building, and the boys in each building have been organized and drilled in black-out procedure.

During the winter the Selectmen of the town of Newbury, in which Governor Dummer is located, asked Mr. Eames if it would be possible to use some of the older boys as auxiliary firemen to aid the volunteer fire department of Byfield, explaining that because so many young men of the village were already in the service and so many more engaged in defense industries at Portsmonth, Lynn, and Ipswich, it

5 33 N B 1708

was often impossible for more than one or two men to answer fire calls. Mr. Eames immediately gave his consent to the formation of such a group but decided that for the group to be really effective it must have instruction. Accordingly he secured through the State House in Boston Lientenant Louis A. Larkin of the Somerville Fire Department, who came to Governor Dummer for a series of ten two-hour sessions on Saturday mornings. When actual handling of equipment was involved, the sessions were held in the Byfield fire station; otherwise in the New Building.

The Anxiliary Fire Brigade now consists of two companies of ten boys each, one led by Mr. Jennings and the other by Mr. Sager. Only one company is to be absent from the campus at a time; and they are subject to call for ordinary fires only during the working hours when the regular firemen are absent because of employment in distant defense plants. In case of actual air-raids Mr. Eames has consented to let them answer calls wherever and whenever they are needed.

For the control of fires which might occur on the school property Mr. Eames purchased and lent to the Fire Brigade an historic handtub, the famous *Red Wing*, originally built for the town of Milton in 1827 and last used by the volunteer fire company of Salisbury. The *Red Wing* has been put into first-class working condition, also at Mr. Eames' personal expense; and in their first drill with it, the fire companies threw a one-inch stream over the roof of Parsons. With more drill they expect to be able to maintain a hundred-pound pressure at a standard fire nozzle.

The Spring Term brought more small changes, but no such spectacular ones. The Episcopalian boys have had to forego attending the Episcopal Church at Ipswich because of the ban on chartered bus trips. With a cheerful all-in-a-war attitude they now trudge up the road to the Byfield Parish Church with the rest of the school. The tennis team has been disbanded for the same reason, and one glee club concert and several athletic trips have also been cancelled.

At the end of our first war year Governor Dummer has learned to adjust itself. The seniors, for the most part, are entering college almost immediately, without that summer vacation on which all had planned. Many of the upperclassmen are planning on a summer of work on the farm or in the factory. But in honor of the many alumni already in training or already fighting on distant fronts, the school and the students are making adjustments and sacrifices as called on for them, cheerfully and willingly.

E. W. S., III

The Football Season

Mr. Arthur W. Sager

THE WORLD

Although they won only three games and lost four, including the final contest at Deerfield, the Governors developed a powerful team by the end of the season and could count it a successful eampaign.

With the returning of six lettermen, Captain Bob Pickett, Nort Cushman, Dick Coffin, John Mortimer, Harry Barr, and Dick Williamson, Head Coach Arthur Sager and his assistants, Mr. Jennings and Mr. Donavan, worked with the old and new boys on the squad to fill the five vacant spots on the first eleven for the opening game with the Amherst Freshmen on October fourth.

Although playing a team much superior in weight, speed, and reserves, the Governors held their own against the Amherst Freshmen for the first two periods.

However, being unable to match the reserve strength of the Freshmen, the Governors were scored on three times in the second half and finally lost the game 26-0.

In their second game on the following Saturday the Governors began to show their strength by handing the M.I.T. Sophomores a 26-0 setback. The team showed good running, tackling, and blocking throughout the whole game. Captain Pickett did an outstanding job by making four touchdowns and place-kicking two extra points.

On the following Saturday the Governors faced a strong Kimball Union Academy team. Led by Captain Pickett the Governors scored late in the first period but failed to make the extra point. In the second period Kimball Union went ahead by scoring a touchdown and making the extra point. In the fourth period Kimball Union again scored after successive short drives through the Governors' line.

In the fourth game the Governors were defeated by a weak Thayer Academy team. Without the services of Captain Pickett, the Governors made their only points in the second period when Harry Barr went twenty yards around left end for a touchdown and Gordon Pirie place-kicked the extra point. Thayer scored once each in the third and fourth periods and finally won the game 13-7.

Playing in a heavy rain at Providence against Moses Brown, the Governors, by means of excellent running, tackling, and blocking, showed their best form of the season. The game was a midfield battle until late in the second period, when Randy Morris went around his own left end on a thirty-three yard run for a touchdown. Morris then completed a pass to Chuck Graham for the extra point. During the third and fourth periods the Governors held Moses Brown in their own territory; and the game ended 7-0 in favor of Governor Dummer.

5 33 N R 1708

In the next to the last game of the season the Governors beat Tabor Academy 20-7. Captain Pickett returned to take the scoring honors again by making a touchdown and kicking the extra point in the first period. Late in the second period the Governors again scored when Randy Morris plunged over for a touchdown from the Tabor five-yard line. In the third period Pickett scored again for the Governors on an endaround play from the Tabor twenty-yard line. His place kick for the extra point ended the scoring.

In the final game the Governors traveled to Deerfield, where they were defeated 7-0. Deerfield scored in the first period on a line plunge from the Governors' three-yard line and then converted the extra point. The Governors dominated the rest of the game while Deer-

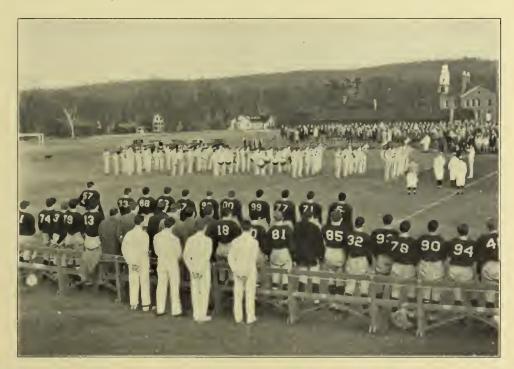

William E Hill, Jr.

Manager

field advanced out of their own territory only once. The Governors made many drives deep into Deerfield territory, but each time they lacked the final power to score when the opportunity was at hand.

When the letters were awarded at the Christmas dinner, it was announced that Richard G. Williamson of Augusta, Maine, will lead the Governors in 1942. Dick's oldest brother captained the team of 1935.

The Soccer Season

Mr. Howard J. Navins
Coach

A TON

Led by Captain Dave Jarvis, the Governor Dummer soccer team enjoyed a very successful season under the coaching of Mr. Howard Navins and his assistants, Mr. Benjamin Stone and Mr. Norman Harris.

In the opening game the Governors tied the Harvard Freshmen. This game gave the coaches particular satisfaction because it was the first time the Governors had managed to hold their own against the Freshmen.

No doubt the high spot of the whole season was the Milton game on November 1. On rain-swept Whipple Field the Governors showed complete superiority and rolled up a decisive five-to-nothing lead. Humphrey Simson was particularly effective that day and contributed three goals.

An exhibition game with some sailors from the crew of the British cruiser Newcastle proved most interesting and enjoyable. The sailors came by bus from a rest camp near Fitchburg and remained after the game for dinner and the evening meeting. They were surrounded by admiring students throughout their stay and told many interesting stories. Since their ship had been in the Mediterranean and in the South Atlantic before being assigned to convoy duty, they had already seen considerable active service.

The best three games of the season were played against the undefeated teams of Andover, Exeter, and Deerfield. In the Andover game the Governors held their own for three periods but succumbed to superior manpower in the fourth. The

Exeter game, the only home defeat, was lost to a superior team, as was the final game at Deerfield.

Captain Jarvis contributed some of his best work in the Deerfield game but was unable to score through Deerfield's almost airtight defense. John Kimball made many spectacular saves in the goal during the last half.

The record of five victories, one tie, and three defeats brings credit to the entire team. Perhaps particular mention should be made of Captain Jarvis' passing and offensive play and of the kicking of Howard Stirn and Humphrey Simson, which equalled any done by their opponents on the three undefeated teams they met. Harold Leinbach, next year's Captain, began the year as a green player but developed into one well able to lead as good a team next year.

The Hockey Season

Mr. J. Chandler Hill Coach

Governor Dummer students became hockey-conscious early this winter when Coaches A. Maedonald Murphy and J. Chandler Hill announced that the school would participate in the Private School Hockey Conference to be held at the Boston Skating Club during the Christmas vacation.

Only four letter men were available from last year's team; and seven of the fourteen players who gave up part of their vacation to attend the conference had never before worn a Governor Dummer hockey uniform. The main purpose of the conference was to afford an opportunity for the boys to receive advice and coaching from some of the masters of the game. To further that end, the Boston Bruins put on an exhibition game, and the members of the team spent much

time coaching individual boys.

The Governors lost the opening game to Thayer Academy, 2-0. On the next day they came back to beat Roxbury Latin, 3-1, and on the final day they clinched the consolation round by taking a thrilling 4-3 decision from Brooks. Brooks led at the end of the first period, 1-0; but Botsford Young tied the score early in the second. Once more Brooks took the lead, and once more it was tied up when Herrick Randall combined with Simson. Very near the end of the game Brooks went ahead again, and only a minute remained when Young scored his second and forced an over-time. Six seconds remained in the over-time period when a third goal by Young gave the Governors a brilliant victory.

One of the better-played games of the regular season was the one at Andover. At the final whistle the seore stood at one all; at the end of the overtime it was 2-2. Another overtime failed to break the deadlock, and the game was called.

Although the team's subsequent record did not fulfill the promise implied in its early success, the eight letter men returning next year should assure an end of the hockey slump at Governor Dummer.

At the end of the season Mr. Hill announced the award of the new Herrick Randall Hockey Trophy to Captain Alex Murchie for his excellent team play and for his skill in keeping up the morale of his team.

The Basketball Season

Mr. Howard J. Navins
Coach

Three veterans formed the nucleus of this year's very successful basketball team. They were Captain John Mortimer, David Jarvis, and Howard Stirn. Robert Kelly very soon made himself a certain fourth member of the quintette; and Coach Howard Navins needed only one more to make a smooth-running outfit. This position was fought for by Peter Klaussen and Charles Graham, with Klaussen finally winning.

The Alumni game was one of the best of the season. The Alumni, including the usual collection of stars, more than met their match in a brilliant undergraduate five. The graduates got off to a flying start by scoring six points before the home team could find the basket. Then the Governors took the lead, not to relinquish it. Bob Kelly paced the team throughout, scoring 37

points to tie the all-time Governor Dummer record set by Mr. Navins in his undergraduate career.

The Andover game was a thrilling one. Andover controlled the play throughout the first half and led 26-13 at half time. The Governors came out in the third determined to get back in the ball game. They matched the Andover club point for point during the third quarter; but it was not until the fourth period that they really succeeded in putting on the pressure. Every shot was made to count, Kelly and Klaussen setting the pace which wiped out all but two points of the huge lead amassed by Andover in the first half.

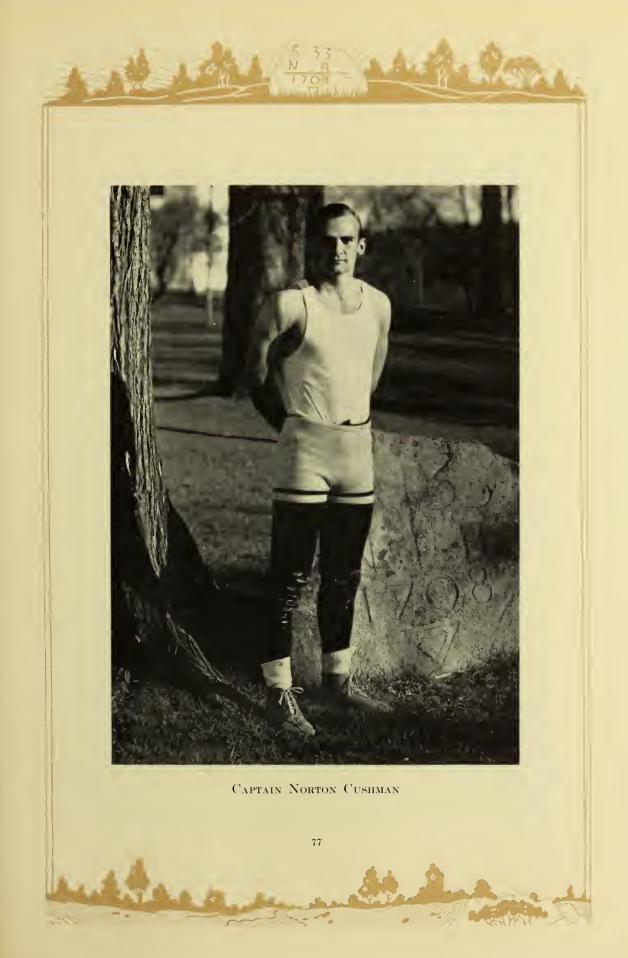

The bi-annual trip to Marion resulted in a decisive victory over the Tabor team.

In many respects the team reached its peak in the final game, with the Colby Freshmen in the Lang Gymnasium. Every member of the team played his best;—the ball-handling was excellent, and the defense had seldom worked better. The 45-36 victory which resulted provided a wonderful finale for one of the best teams that Mr. Navins has produced. Incidentally, Mr. Navins classes Bob Kelly as the best offensive player he has coached, and many felt that Bob rates with such stars of the past as Johnny Frank and Buddie Kerr.

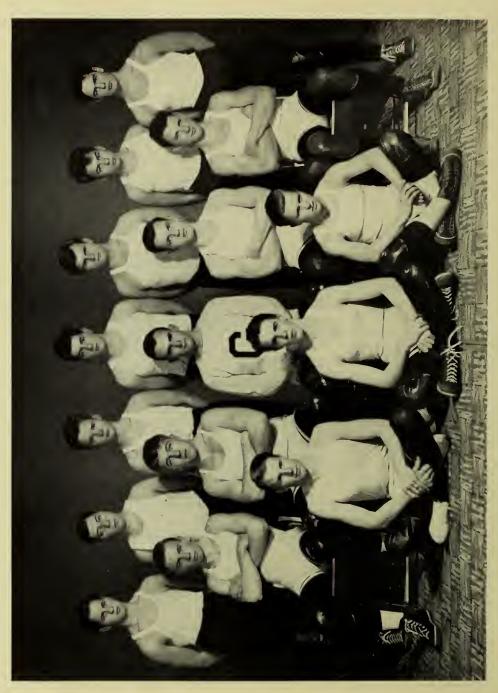

The final record showed nine victories to five defeats, one of the best showings in recent years.

The Wrestling Season

Mr. Daniel O. S. Jennings Coach

Wrestling really began, not with the Andover meet on January 28, but on the opening day of the winter term. Between that date and the opening meet was a very busy stretch with daily drill and many practice bouts. During that period Norton Cushman, veteran 165-pounder, was elected Captain.

When the opening meet at last arrived, it seemed to promise a successful season. Payson Gordon, a new-comer on the squad, took the first match by a decision after an exceptionally hard fight. The outlook turned gloomy for the Governors as Andover gained two falls and two decisions in the next four matches. Captain Cushman turned the tide by winning a decision in the 165-pound class; and when Harry Barr gained a fall in the 175-pound event, the Governors' rooters

breathed a sigh of relief, knowing that they could count on Pickett to add five points in the unlimited. Final score 16-16.

Harvard proved tougher competition and defeated the Governors 17-11, Pickett, Cushman, and Gordon contributing a fall and two decisions for the Governors' only scores. In the Roxbury Latin meet each team lost one match by default,—Roxbury because they had no entry in the unlimited class, and the Governors because Payson Gordon had the misfortune to break his arm during his match. Cy Savage and Jim Damon gained their first falls of the season against Roxbury.

Exeter won the next match; but the Governors were not without eonsolation. The 121-pound event went to Exeter by default because of Gordon's absence. Dick Meriam and the ever-dependable Pickett won a decision and a fall respectively, although Exeter's Thomas gave Pickett his toughest fight of the year.

The Teeh meet provided some of the best wrestling of the year. The feature was Captain Cushman's match with Les Ackerman, last year a member of the Governors. Cush gave the Tech star some anxious moments in the first period, but Ackerman finally wore him down and pinned him. Piekett, Meriam, Savage, and Welch were winners for the Governors. It was Alan Welch's first competition, and he gave an excellent account of himself.

The Baseball Season

Mr. Edward W. Eames
Coach

With but three letter men returning, Captain David Jarvis, Bob Pickett, and Dick Williamson, the Governor Dummer baseball team prepared to play a schedule of twelve difficult games.

In the opening game against Groton on April 18, the Governors showed a marked lack of power at the plate and emerged on the short end of a 7-3 score. Jason Starr relieved Captain Jarvis in the box and did a fine job, striking out ten Groton batters. Captain Jarvis led the light hitting attack of the Governors and drove in two of their three runs.

At Andover on the following Wednesday the Governors showed themselves still weak in hitting and also erratic in the field. Dick Williamson drove in two runs in the eighth inning and thus kept the Governors from

being shut out. At Milton the Governors began to show a bit of power at the plate but were unable to hit in the pinehes. Ed Breekenridge did well on the mound but received very erratic support. Bobby Pickett collected two hits; but the Governors took their third defeat, 15-4.

The Governors faced a team from Battery B of the 241st Division on May 2. The visitors from Salisbury were strong offensively and defensively, thus handing the Governors their fourth defeat in as many starts. Bob Kelly was the only one to solve the army's pitching. He collected two hits. Against Thayer at South Braintree the Governors made a more promising start when Breekenridge profited

by an error and a stolen base to reach third and was then squeezed home. His run was, however, the end of the scoring for the Governors.

Against Belmont Hill the Governors amassed twelve hits, including a homer by Williamson, triples by Munro and Pickett, doubles by Breekenridge and Graham, and three singles by Captain Jarvis. Eight errors nullified the improved hitting.

Not until the game with the Harvard Freshmen at South Byfield on May 19 did the Governors taste victory. In that game, against one of the strongest teams on the schedule, the home team suddenly developed hitting power; and Breekenridge's masterly work in the box made possible a 5-2 victory before a wildly cheering student body.

May	20	Haverhill High School	30	51
	23	New England Interscholastics at Andover		
	30	Milton Academy		

The Track Season

Mr. Arthur W. Sager Coach

Mr. Sager faced a difficult assignment when he called the first track practice of 1942. It was obvious at once that there were no competitors for some events, and that in no event were there enough seasoned men to give hope of taking more than one place. Furthermore Mr. Wickenden was no longer available to assist Mr. Sager. But Mr. Hawkes has proved a capable substitute, and by shifting candidates from one event to another, and by coaching some to compete in more than one event, the coaches managed to have at least one entrant ready for each event by the time of the first meet.

The season opened April 25 against the always powerful M.I.T. Freshmen at Cambridge. The Governors entered with no real hope of winning the meet; they

looked upon it as an opportunity for the inexperienced men to learn their weaknesses from actual competition, and as a chance for the more experienced competitors to better their times and distances. In both respects the results were very satisfactory.

Howard Stirn was high scorer with a first in the high hurdles, a second in the broad jump, and a third in the low hurdles. Since this is Stirn's first season on the track team, his feat is particularly noteworthy. Captain Harry Barr also performed ereditably, contributing a first in the javelin and a third in the four-forty. Robert Covert's first in the discus throw came as a just reward for hard and faithful practice and gave the coaches particular satisfaction. One of the best races was the 880, in

which Nick Martin took a second in spite of very fast competition. Roger Hargreaves took third place in the mile run, one of his opponents being last year's varsity miler, Harold Knapp.

As in most of the spring schedules, cancellations due to transportation difficulties left long gaps in the track program. The Governors took advantage of the extra practice periods, and the individual performers worked hard to better their own records. As the season progressed, their efforts and those of the coaches began to bear fruit; but the lack of man-power remained, making high scores impossible.

Since the Deerfield meet scheduled for May 3 was one of those cancelled, the Harvard Interscholastics was the major meet of the season.

The Lacrosse Season

Mr. A. Macdonald Murphy
Coach

The return of a number of experienced players from last year's team gave bright prospects for the eurrent season; and Coach Murphy soon found additional promising material among the new boys. The large number of candidates reporting warranted an increase in the coaching staff, and Mr. Jennings and Mr. Harris have been assisting Mr. Murphy.

Led by Captain Randy Morris, the Governors opened the season with a 10-1 victory over the Boston Lacrosse Club. Their strong offensive play gave the Governors a 5-0 advantage in the first few minutes of play, and their lead was never threatened. John Mortimer played an excellent game on the attack; his fine play-making ability made it difficult for the opponents' defense to stem the flood of goals. He personally scored

four for the Governors, and Dick Coffin added two and Simson, Fiorini, Dalglish, and Kimball one each to make a total of ten.

The second game was played against the M.I.T. Freshmen at Cambridge. Again the Governors displayed strong offensive play; and although the freshmen were definitely stronger than the Boston Lacrosse Club, they were unable to prevent Mortimer, Captain Morris, Wiswall, and Coffin from amassing a total of seven to Technology's one. Harry Wolff made a number of spectacular saves in the goal, contributing greatly to the Governors' success.

The Harvard Freshmen were the Governors' third victims. Play was hard and

fast throughout the game and fairly even for the first half. At half-time Governor Dummer led only 2-1; but in the third period aggressive play gave the home team four more goals while Harry Wolff's excellent play in the cage held the visitors to two. Mortimer was high scorer with three, and Savage, Fiorini, and Kimball added one goal each.

Phillips-Exeter broke the Governors' winning streak on May 9 with a 14-1 defeat in which the home team was completely outplayed. The Governors suffered a number of penalties from over-eagerness in the early part of the game and thereafter failed to show the team work or play-making ability which had characterized their play in other games. Humphrey Simson seored the Governors' only goal.

May	23	Phillips Academy and Phillips-Exeter		
May	30	Worcester North High School		

The Golf Season

Mr. Thomas McC. Mercer Coach

Mr. Mercer had four veterans as a nucleus of his 1942 golf team, Alex Murchie, Barr Smith, and Art and Jack Wellman. Norton Cushman and Winthrop Ashworth from last year's squad and Payson Gordon, a first-year boy at Governor Dummer, completed the team. Alexander Murchie was elected Captain.

Because of transportation difficulties the schedule was substantially reduced; but fortunately the triangular meets with Phillips-Excter and Phillips Academy of Andover remained. The first of those three matches was played at Exeter on April 25. By winning their first clear-cut victory in the history of the three-year-old competition, the Governors made an auspicious beginning. Their combined score was 408, compared to 417 for their hosts and 436 for Andover. Alex Murchie was

low man with 79. Particularly pleasing to Coach Mercer was the fact that the team displayed such excellent competitive spirit, each member turning in a score substantially lower than he had earned in practice rounds at Ould Newbury.

At Andover on May 2 the Governors placed second, between Andover and Phillips-Exeter, thus retaining their lead in the series. Barr Smith turned in the Governors' low score, an eighty-six, closely followed by Bud Wellman, last year's Captain, with an eighty-nine. At the end of the second day of competition the total scores were:—Governor Dummer 860, Andover 868, and Phillips-Exeter 899.

The third and final match is to be played at Ould Newbury on May 23; since the Governors will enter that match in the lead, they

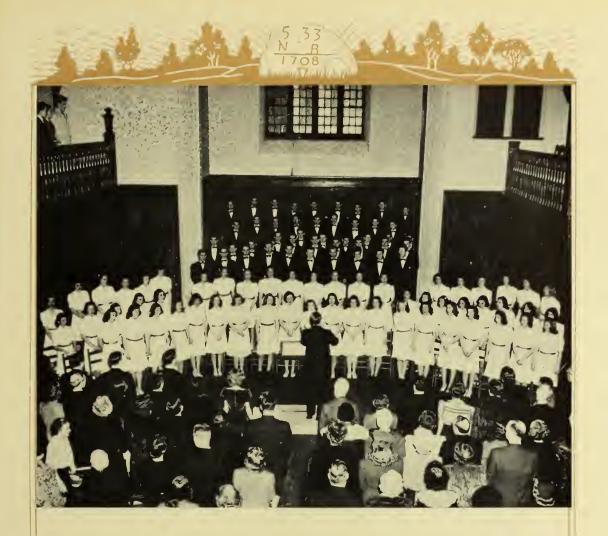

expect no difficulty in defending their lead on their home course. After the final match it is the turn of the Governors to play host to the three teams at the annual banquet. At that time the cup will be awarded to the winning team and another to the individual player with

low total for the three matches.

The annual match with the members of the Ould Newbury Club was played on May 16 and resulted in a disappointment for the Governors, who had hoped to reverse the trend of recent years and defeat the older players. The final score, however, was $6\frac{1}{2}$ - $5\frac{1}{2}$ for Ould Newbury. Alex Murchie and Art Wellman broke even with the Number One and Number Two players of Ould Newbury. P.K.N., Jr.

ALEXANDER MURCHIE, JR. Captain

The Glee Club

The Glee Club aroused the usual amount of interest among new and old students this year; and that interest resulted in one of the finest organizations in the club's twelve years of existence.

Seven joint concerts were scheduled for the club this year as well as the annual Commencement Concert. In addition the club gave two benefit performances. The first of the benefits was given for the soldiers of the United States Coast Artillery, Battery B, stationed at Salisbury Beach. Although the boys sang in the mess hall, under the most unfavorable conditions possible, the concert proved to be one of the best of the season. After the boys' portion of the program was concluded, they in turn were entertained by the soldiers with army adaptations of currently popular songs. The second benefit appearance was at the Military Ball in Newburyport.

The joint concert with Bradford was particularly notable this year because part of the program was included in the short-wave broadcast sent from Newbury, Massachusetts, to Newbury, England, by station WRUL of Boston. The concert was also telephoned from the Lang Gymnasium to Lawrence, where it was broadcast to New England by station WLAW. Two students of the Academy, Benjamin Pearson and Nathaniel Dummer, also participated in the program.

A joint concert scheduled with the Groton School for May 15 unfortunately had to be cancelled because of transportation difficulties arising from the government order forbidding chartered bus trips, thus depriving the club of its first opportunity in several seasons to sing with another male club.

Robert Covert and John Kangis were the soloists this year, and their work aroused very favorable comment. The "Meistersingers," a smaller group selected from the club membership, also added to many of the concerts.

John H. Mortimer, a member of the Club for the past three years, was elected President at the beginning of the concert season and proved an excellent leader.

D.W.G.

CONCERT SCHEDULE

February	14	Joint concert with Rogers Hall at Lowell
	21	Joint concert with Walnut Hill School at Natick
	24	U.S. Coast Artillery Barracks, Salisbury
	27	Joint Concert with Bancroft School at the Worcester Art
		Museum, Worcester
March	6	Joint concert with the Waynflete School at Portland, Maine
April	15	The Military Ball, Newburyport
	18	Joint Concert with the Bradford Junior College Glec Club
		(Broadcast to Newbury, England, over WRUL)
May	1	Joint concert with the Abbot Academy Glee Club
June	5	Annual Commencement Concert

EDWARD WHITLEY

The Governor Dummer Chapter of the Cum Laude Society received its charter on February 10, 1934. The purpose of the society is to promote scholarship and to recognize scholastic achievement. In secondary schools its function is, therefore, comparable to that of the Phi Beta Kappa Society in colleges.

The by-laws of the society state that to be eligible for election a student must attain a minimum standing of eighty percent during his senior year and must stand in the upper fifth of his class. A three-fourths vote of the faculty members is necessary for election; and the members are pledged to consider each candidate's record during the earlier years of his secondary school work, his diligence, particular abilities or deficiencies, and the nature and number of the courses on which his average is based.

The annual initiation banquet was held this year on Friday evening, May 29. After the banquet in the William Jacob room the chapter and their guests adjourned to the Noyes library for the formal initiation. Mr. James Duncan Phillips read the charge to the new members, and Mr. William G. Saltonstall of the faculty of Phillips Exeter Academy gave the address.

Mr. Harold Marshall Curtiss, Faculty Adviser

The Archon is the school news magazine. It is published six times a year by the students of the Academy for their parents and friends and for the alumni. It has a circulation of over one thousand copies per issue and is mailed to nearly every state in the union.

The Archon

A seventh issue containing reprints of articles and pictures from the regular issues is published each June. Several thousand copies of this special issue are mailed to alumni and to prospective students of the Academy. In reality it serves as the school catalogue, being supplemented for that purpose only by a printed letter of information.

The pages of the regular issues are filled with complete and interesting accounts of all athletic events, both those of the varsity teams and those of the junior and second teams. There are also many fine pictures, brief resumés of the Vespers talks, notes on interesting meetings, and reports on other school activities. It is the aim of the editors to present an accurate picture of the complete life of the school.

Besides presenting a concise record of school activities, athletic and otherwise, each issue of the *Archon* also contains a column or more of "Alumni Notes." This column has always been of value in keeping alumni in touch with each other; but since the outbreak of war it has been of even greater importance, for it provides a means by which the alumni can trace each other in the various branches of the armed services.

Each year the Archon contains several fine feature articles, and this year has been no exception. In an early issue appeared "Here Lies Master Moody," an interesting account of a trip made by Mr. James Duncan Phillips, President of the Board of Trustees, to the grave of Master Samuel Moody, the first Master of Governor Dummer. The grave is at York, Maine, where Mr. Phillips found the broken slate headstone of Master Moody and arranged for its restoration. Another popular feature was Mr. A. Macdonald Murphy's "Lacrosse in New England."

As usual, a large number of boys have contributed to the success of the *Archon*. Perhaps no one boy can be mentioned; but Mr. Harold M. Curtiss, the Faculty Adviser, must be mentioned for the fine leadership and incessant care he has devoted to the publication.

Commencement Prizes of 1941

THE MORSE FLAG

John David Eshelman

Presented by the Reverend Glenn Tilley Morse to that member of the graduating class whose record in all respects meets with the highest approval of the faculty.

THE MASTER'S PRIZE

David Taggart Goodhart

Presented by Mrs. Edward A. Eames to that senior who, by his unselfishness and sportsmanship, has best exemplified the spirit of the school.

THE THORNDIKE HILTON CUP

Sewall Cushing Strout, Jr.

Presented by the Class of 1919 in memory of their classmate, Thorndike Hilton, to the ranking student of the graduating class.

RICHARD HAWES FRANCIS SCHOLARSHIP

Joseph Attwill Oatcs

Awarded to a senior of high character, who has made substantial intellectual progress and who has demonstrated a spirit of cooperation and helpfulness during his school life.

HARVARD ALUMNI PRIZE

David Sumner Jarvis

Presented by the Harvard Alumni Club of the North Shore to an all-around boy in the Junior Class.

THE MOODY KENT PRIZES

Presented for the highest standing in each department of study.

English William A. Davison
Classics Lloyd Lewis Seligman
French Sewall Cushing Strout, Jr.
German William Herbert Noyes
Mathematics Lester R. Ackerman
Science Harold A. Knapp, Jr.
History Norman Conrad Tronerud

Music Prize

Harold Anthony Knapp, Jr.

Presented annually by Mr. Rupert Neilly of Portland, Maine, to a boy because of his understanding and enjoyment of music.

Washington and Franklin Medal

Edward Walmsley Stitt, 3rd

Presented by the Massachusetts Society of the Sons of the American Revolution for excellence in United States History.

7 33 1708

RENSSELAER POLYTECHNIC INSTITUTE MEDAL Feaster Herrick Newton

Awarded by the Rensselaer Polytechnic Institute for proficiency in science and mathematics.

Special Prizes

To Edward Whitley of Newbury, a high ranking student who has led the school Honor Roll on more than one occasion, an expert baseball manager, and one deeply versed in the lore of our National Game.

To Clayton Eugene Currier of Haverhill, a boy whose spirit and courage on the athletic field has added inches to his stature, whose wit has enlivened the school year, and whose hard work has won the admiration of his teachers.

To Joseph Crabbe Brady of Englewood, New Jersey, whose serene good humor, genuine friendliness, and gentle courtesy have left a warm spot in the hearts of all.

To Paul Shepard Morgan of Woreester, because his high scholarship and his improvement as a boy are the result of his expecting the most of himself.

To Thomas Crump Collins of Worcester, a special prize. During his four years at Governor Dummer, Tom Collins has played on many of the school teams and has served as an editor of the school paper, but the faculty will remember Tom as a boy who, after an indifferent start, turned into one of the most hard-working and most successful seniors we can remember.

To Richard Maverick Wyman of Beach Bluff, at once an artist and a hockey captain, proficient in divers strange dialects with which he entertains himself and others, an enthusiastic and whole-hearted participant in a wide variety of activities.

THE GOODWIN ATHLETIC PRIZE

Guy Herbert Nichols

Presented by Mr. Fred H. Goodwin of the Class of 1916 for the best all-around athletic record of the year.

DALTON HAMOR PRIZE

Ernest Constant Bowler, 3rd

Presented by the Class of 1921 for the best record in baseball.

TRACK PRIZE

Bruce Wheeler King

Presented by Mr. Charles I. Somerby of the Class of 1912 to the member of the track team who has made the best record in track and field events.

Acknowledgments

Every year there are friends of the Milestone who, although not definitely connected with the staff, yet make generous contributions to the success of the book. We wish particularly to acknowledge our indebtedness to

The *Portland Press Herald* for the photograph of the Waynflete and Governor Dummer joint concert on page 95,

Mr. Bradford Bachrach for help with the photographs,

Mrs. Jane M. Gale for help in our accounting,

Mrs. Edgar D. Dunning for hours of proofreading,

Mr. Joseph Snyder for securing the majority of the advertisments,

Mr. Harold Johnson of the Andover Press for relieving us of our worries,

The patrons of the Milestone dance for pecuniary support,

And our advertisers for making this book possible.

Compliments of Friends

Every year there are a number of advertisers in the Milestone who prefer to remain anonymous. This year the space on the advertising pages contracted for by those anonymous friends is to be used for a summary of the second-team games and minor-sports events not otherwise included in the yearbook. The editors are deeply grateful to the advertisers who have made it possible to represent those often-overlooked activities in the Milestone.

Minor Sports

As usual the Governors were represented by two other football teams this year besides the school team featured in earlier pages of this book. One of them, called the "A Squad," was composed of boys whose age, weight, and experience was approximately that of the boys on the school team, but who needed a bit more competition before engaging in first-team games. The other, called the "B Squad," was composed of younger and lighter boys, many of them enjoying their first introduction to the game of football.

"A" Squad Splits Even

This season Coach Hill's squad turned out one of the best playing units in its history, With Captain John Chapman, David Goodwin, Bill Hale, Herrick Randall, and Botsford Young as stars, the year proved to be more than a mild success.

According to Mr. Hill, the team appeared to best advantage against Hampton Academy, Bridgton Academy, and the Brooks School. All of Hampton Academy turned out to see their first team play the Governors' "A" Squad. Their team proved to be one of the best Mr. Hill's charges met during the season, and the euthusiastic backing of the home crowd spurred Hampton to a 13-0 victory despite the fact that the Governors played in better style than throughout most of the year.

The game with Bridgton was played at South Byfield, being the fourth in a series of which each team had won one, tying the third. Largely because of the running of Hale and Young, the "A" Squad emerged with a 13-0 victory and is now one-up on Bridgton, Hale contributed a seventy-yard run for a spectacular touchdown, but Goodwin at end and Kangis as field general contributed as nobly if less spectacularly to the victory.

Two long runs gave the Governors a 12-7 decision in the final game with Brooks. Chapman returned the kick-off sixty-five yards at the beginning of the second half to set the pace for a very satisfying final victory.

"B" Squad Plays Eleven-man and Six-man Football

Coaeh Curtiss' serappy, hard-hitting "B" squad repeated its versatility of last season and played both six-man and eleven-man football, and the results were very satisfactory, particularly in the development of material. No doubt the most notable were Captain John Skeele, Bill Barrell, and Andy Brillhart. Skeele, who weighed only ninety-six pounds, was often called on to face opponents thirty to fifty pounds heavier, and he always proved competent. Brillhart, an end, was high scorer of the season.

The best of the six-man football appeared in the two games with Andover house teams. After being rather decisively beaten in the first game, the team rallied a week later to tie Andover 6-6. The Andover team was considerably heavier than the Governors and chosen from many more candidates. Consequently the Governors were unable to maintain command until the end.

Among the Brooks School, the Emerson School and Governor Dummer's "B" squad, an annual cup is involved. Not for many years has Governor Dummer won the cup in football; but after the first game of the eleven-man series both

eoach and players had high hopes of winning it this year, for the Governors scored a 7-0 vietory as a result of a successful pass from Barrell to Brillhart. Unfortunately, however, Barrell was injured later in the game and unable to compete in the Emerson game. Even without him the game was a close one, featured by a ninety-yard run.

Emerson won the game 19-7 and therewith the coveted cup; but Mr. Curtiss has designs on the title for next year. If his next year's team has the drive of this year's, he will probably win it.

Whitley's Yeomen Take League Basketball Title

The leading second-team sport in the winter term was basketball again this year. The large number of candidates reporting made it possible to organize a league of six teams which played two days each week and practiced the remaining three days. The coaches were Mr. Curtiss, Mr. Luehini, and Mr. Stone.

This year the "Fast Forty," as the league came to be called, included some real basketball talent, being made up not wholly of boys not good enough for varsity competition. In the league are a number of boys who feel they can not afford the time taken by varsity practise but who have ability enough to contribute to varsity play.

Because two teams tied for third place, there were four games in the play-off series. The third-place teams were Dick Williamson's Monks and Hal Leinbaeh's Hermits. The Monks won that game but lost to Mal Burr's Knights in the semifinals. For the final game for the title, the Knights met Ed Whitley's Yeomen. The entire school turned out for the game and saw a real thriller in which Whitley's team proved victorious.

Highest scorers of the season were Whitley, Weil, Chapman, and Leinbach. Of note is the fact that during the season every member of every team secred at least once.

League letters were awarded to Hal Leinbach, (Continued on page 121)

Second Hockey Team Shuts Out Brooks Twice

Mr. Stott's junior hockey team enjoyed a rather short but satisfactory season this year, playing the same brand of rugged, hard-fighting hockey displayed by the varsity. In addition to the playing squad, another squad of beginners shared the rink and the coaches' attention in the hope that more material could be developed for next year.

The first game was played at home against a team from Newburyport. The ice was bad, and the Governors' team was very new; but it was the lack of an experienced goalie that contributed most to the 6-0 defeat.

Fessenden was next on the schedule. With Ben Pearson in the goal not so many shots got by, and Fessenden had to earn their 2-1 victory. Porter scored for the home team.

The season ended with two nearly identical games with Brooks, one at South Byfield and one at North Andover. The Governors won each time by the seore of 1-0; and in each Ralph Brown scored the only goal of the game.

The stars of the season were Captain Dick Veasey, Collins and Brown of the first line, and Pearson in the goal. Those four will very likely move up to the varsity squad next year; possibly Porter and Sisson will also be ready for promotion.

Three Clubs Compete In Baseball League

A very sizable group reported to Mr. Hill this spring for practice with the second baseball squad. Because of the difficulty of providing transportation it was found to be too difficult to arrange a schedule of outside games; consequently it was decided to organize a league similar to the basketball league which has been so popular in recent winters.

The announcement of the league brought out additional baseball lovers, and Mr. Stott was assigned to the league as Mr. Hill's assistant. Three teams were organized,—the Reds, the Whites, and the Blues, captained by John Whitney, Harold Leinbach, and John Kangis respectively. After a few days of preliminary practice a regular schedule was set up whereby two teams played each day and the third practiced on a different part of Whipple Field.

The competition proved to be keen as the season developed. Each team possessed two capable pitchers, Kirkpatrick and Skeele for the Reds; Parker and Von Saltza for the Whites and Cox and Kangis for the Blues.

Gradually the Reds drew ahead, followed by the Whites and the Blues in that order. As the MILESTONE goes to press Manager James Damon reports the standings to be: Reds .625 with five wins to three losses; Blues .500; and Whites .375. It now seems probable that the teams will finish in that order.
